## Linking National and Sub-national Adaptation: *Vertical integration in National Adaptation Plan processes*

This webinar is aimed for NAP teams and other stakeholders interested in strengthening vertical integration in the process. It will look at different aspects of vertical integration in NAP processes. In particular, it will:

- Provide background on the rationale for linking national and sub-national adaptation efforts
- Present a range of key considerations for vertical integration
- Present different options for sub-national actors to access climate finance
- Discuss opportunities and challenges from at least two countries on vertical integration of NAP processes
